**DETAILED ACTION**

***Allowable Subject Matter***

Claims 1-23 allowed.

The following is an examiner's statement of reasons for allowance:

As to claim 1, the prior art of record, taken alone or in combination, fails to disclose or render obvious a test structure including: means for combining a first portion of an input signal with a first optical response signal and for combining a second portion of said input signal with a second optical response signal, in combination with the rest of the limitations of claim 1.

As to claim 15, the prior art of record, taken alone or in combination, fails to disclose or render obvious a test structure including: a first receiver port optically connected to receive a first portion of an input signal and a first optical response signal after said signals are combined and a second receiver port optically connected to receive a second portion of said input signal and a second optical response signal after said signals are combined, in combination with the rest of the limitations of claim 15.

As to claim 21, the prior art of record, taken alone or in combination, fails to disclose or render obvious a test structure including: a switch optically connected to an input port and a first and second test port; a first receiver coupler, connected along a first optical path, for combining a first portion of an input signal with a first optical response signal; and a second receiver coupler, connected along a second optical path, for combining a second portion of an input signal with a second optical response signal, in combination with the rest of the limitations of claim 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
